### 18X14 FIBERGLASS MESH

The traditional choice for patio and pool enclosures. Designed for applications where extra strength is desired.

**Standard Widths:** 36", 48", 60", 72", 78", 84", 90", 96", 102", and 108"

**Standard Roll Length:** 100'

**Standard Colors:** Charcoal and Silver Gray

### NO-SEE-UMS

Known as No-See-Um screen, this fiberglass screen is a tightly woven 20x20 mesh designed to keep out smaller flying insects. While densely woven, this screen still allows good ventilation and visibility and provides some daytime privacy. Phifer's fiberglass screening is woven from permanent glass yarn which has been coated with a protective vinyl to ensure lasting beauty, color and flexibility. It is produced under the most exacting conditions to meet extremely rigid specifications. Fiberglass screen is noncombustible and will not rust, corrode or stain.

**Standard Widths:** 36", 48", 60", 72", 78", 84" and 96"

(96" available in Charcoal only)

**Standard Roll Length:** 100'

**Standard Colors:** Charcoal and Silver Gray

### GLAS-SHIELD

Phifer Glas-Shield is our 18x14 fiberglass mesh that has been vinyl-laminated. Glas-Shield can be installed in the lower enclosure panels (chair rail down) to keep dirt and debris out of pool enclosures. Glas-Shield also functions as a privacy screen in vertical (wall) applications, however it is not made to be used as roofing material or in horizontal applications.

**Standard Widths:** 36" and 72"

**Standard Roll Length:** 100'

**Standard Colors:** Charcoal

### PETSCREEN

Phifer PetScreen, pet-resistant insect screening, is tear and puncture-resistant to prevent damage by dogs and cats. Ideal for use in high-traffic areas, PetScreen installs like regular insect screening. PetScreen is excellent for use in patio and porch enclosures as well as windows and doors. PetScreen provides excellent outward visibility and is not harmful to pets.

**Standard Widths:** 30", 36", 48" and 60"; 72" and 96" in Black only

**Openness Factor:** Approximately 36%

**UV Blockage:** Approximately 64%

**Standard Roll Length:** 100'

**Standard Colors:** Black and Grey

**Composition:** Vinyl-coated polyester

**Mesh Weight:** 11.2 oz/yd<sup>2</sup> (380 g/m<sup>2</sup>)

**Fabric Thickness:** .036 (.914mm)

# Exterior Sun Control Fabrics

Phifer's Exterior Sun Control Products are designed to absorb and dissipate 65 to 90 percent of the sun's heat and glare before it reaches window or door glass. This results in a more comfortable indoor temperature, more efficient air conditioning, and ultimately energy conservation.

All of Phifer's Sun Control Screens:

- Protects against annoying insects
- Offers good outward visibility
- Works with the window open or closed
- Provides daytime privacy
- Reduces harmful UV rays that damage furnishings
- GREENGUARD Air Quality Certification

#### HOW SOLAR SCREENS WORK

As much as 230 BTUs can fall on each square foot of glass. With Phifer Sun Control Products up to 90% of the sun's heat and glare is reflected, absorbed and dissipated before it strikes the window surface.

Blocks up to 80% - 90% of the sun's heat

**Standard Colors:** Brown, Black, Gray, Stucco, Beige and Dark Bronze

**Standard Widths:** 36", 48", 60", 72" and 96"; SunTex 90 available in 120" (excluding Gray)

**Standard Roll Length:** 100 Linear Feet, 90 Linear Feet for 120" rolls

Blocks up to 90% of the sun's heat

**Standard Colors:** Charcoal and Bronze

**Standard Widths:** 36", 48", 60" and 84" (60" available in Charcoal only)

**Standard Roll Length:** 100 Linear Feet

Blocks up to 70% of the sun's heat

**Standard Colors:** Charcoal, Silver Gray and Bronze

**Standard Widths:** 36", 48", 60", 72" and 84" (72" available in Charcoal and Bronze only)

**Standard Roll Length:** 100 Linear Feet

Blocks up to 65% of the sun's heat

**Standard Colors:** Charcoal and Silver Gray

**Standard Widths:** 36", 48", 60", 72" and 84"

**Standard Roll Length:** 100 Linear Feet

# Clam Shell Awnings

Custom-made to your color and size specifications, our aluminum awnings are the practical choice for protecting doors and windows from the elements. Affordable and long-lasting, they feature adjustable side arms that can be folded down for shade protection. Our unique slat panel design includes a side valance and full 1" cross members for added strength.

- Reduce summer cooling costs
- No maintenance enamel finish
- Resistant to chalking and fading

## CREATE YOUR OWN LOOK

You can design your awnings in a solid color, select a base color and add accent stripes, or choose your own configuration. With such a wide variety of colors, the options are almost endless.

### 18 Colors to Choose From

## AWNING COMPONENTS

CONE WITH ARM AND SLIP COLLAR W/SCREW    TRAILER PLATE WITH WING NUT    LEFT/RIGHT EARS    TIE DOWN BRACKET    "S" BRACKET AND SLIP COLLAR WITH SCREW

# Patio & Pool Enclosure Fasteners

All your fastener needs for the patio market

Miami-Dade Co. approved for installations in hurricane zones  
Excellent for fastening into concrete, brick, block and wood  
Specially engineered 304 stainless steel  
As strong as carbon steel  
High performance ceramic coating

True Marine grade 316 stainless steel  
Specially designed for aluminum screen enclosures  
Full range of SDS & SMS in bronze and white  
High performance ceramic coating minimizes electrolysis

Unique protection system for Blue-Tap fasteners  
Specially designed cap and sleeve system  
Eliminates electrolysis associated with dissimilar metals  
Easy to install and carries a 10 year warranty  
UV stabilized for years of outdoor performance  
Protect any screw from harsh chemicals, weather, sunlight, saltwater and more

Nylo-Tec is a unique industrial nylon-headed fastener  
Specially designed head eliminates unsightly corrosion  
High performance ceramic coating  
Never see rust again!!!  
A perfect direct replacement for original installed fasteners

Top-Cap range of reinforced, nylon headed fascia nails  
Stainless steel affords years of life expectancy  
Specially designed annular ring shank  
UV stabilized to prevent fading in extreme conditions  
Modified point for easy starting and driving

# Anchors Away

Our exclusive Anchors Away product conceals unsightly anchors around your patio or pool giving you a clean finished look.

When water settles on an extrusion it accelerates the weathering process on the paint finish. The dome shaped profile of Anchors Away does not allow water to settle, extending the life of the patio or pool enclosure.

Eliminate unsightly hardware and beams with Anchors Away.

# Motorized Screens

## Top 10 Features of the Lansing Motorized Screen System

1. The strength of the motor tube coupled with the extruded box allows for spans of 21' without sagging.
2. The extruded aluminum recessed track system which is 2.2" wide and 1.5" thick allows for easy adjustments on imperfect walls.
3. Our extruded hood system 66% thicker than the standard sheet metal hoods. The integrated hooking lip allows for the hood to be installed easily by one person.
4. Our 5.5" rounded hood system is aesthetically pleasing to the eye.
5. The recessed track system allows you to mount the tracks either on the face or inside the opening.
6. The contoured bottom bar, designed to retract into the hood assembly, accommodates a 1/2 x 1/2 stainless steel weighted bar to assist in keeping the screen taut and operating smoothly while adding rigidity at the same time on wider spans.
7. The continuous zipper system allows the screen to be tensioned and still run smoothly without ever needing adjustment.
8. Plastic entry guides provide for a smooth clean entry of the zipper into the side rails, assuring smooth operation for the lifetime of the assembly.
9. The heavy duty spring loaded idler allows for smooth and quiet operation. While making it easier to service if required.
10. Industry leading warranties:
  - 10 Years on powder coatings (1 year in coastal regions within 1 mile of the saltwater coastline)
  - 3 year full replacement on Smart Series motors with internal receivers (5 years on hard wired motors)
  - 1 Year on the mesh from Phifer Wire. (Ten year warranty prior to welding)

# Roof Panels

Our versatile roof panels from Elite Aluminum are the only roof panel in the industry allowing you to choose the method that best suites your needs. Elite's patented interlocking designs are attractive, structurally sound and engineered to withstand the most extreme weather conditions. What's more, Elite panels are affordable, easily installed and guaranteed to last.

Our panels use a high-density polystyrene core designed to our specifications for superior strength and exceptional thermal insulation. Our insulated roof systems carry a full 10-year warranty against cracking, crazing, chipping, peeling, blistering or delaminating.

**Ideal for Patio Covers • Car Ports  
Walkway Covers • Commercial Uses**

- Highly insulated
- Aesthetically pleasing
- Skylight & ceiling fan adaptable
- Widths: 4', 2'
- Thickness: 3", 4", 6", 8"
- Lengths: to 40'
- Variety of colors
- Variety of facing options
- Light weight, yet extremely strong

# Wall Systems

Add-a-Room custom-built room enclosures from Elite Aluminum Corporation are an energy efficient and structurally superior alternative to conventional stick-framed additions. An Elite Add-a-Room lets you expand your home for a fraction of the cost and time compared to conventional construction methods.

Your Add-a-Room is easily customized to meet your needs, and is readily adaptable for existing roofs, foundations, porches and decks and is available in a variety of colors and finishes. Elite's Add-a-Room can be ordered with a variety of options to make your addition truly unique. Our panels use a high-density polystyrene core designed to our specifications for superior strength and exceptional thermal insulation.

# Expansive Inventory To Meet Your Needs
